To the Members of
Juvenile Diabetes Research Foundation Canada

Qualified Opinion

We have audited the consolidated financial statements of Juvenile Diabetes Research Foundation Canada ("JDRFC"), which comprise the consolidated statement of financial position as at December 31, 2023, and the consolidated statements of operations, changes in net assets and cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of JDRFC as at December 31, 2023, and its consolidated results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

In common with many not-for-profit organizations, JDRFC derives revenue from campaigns and direct response activities, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of JDRFC. Therefore, we were not able to determine whether any adjustments might be necessary to campaigns and other income, excess of revenues over expenses, and cash flows from operations for the years ended December 31, 2023 and 2022, current assets as at December 31, 2023 and 2022, and net assets as at January 1 and December 31 for both the 2023 and 2022 years. Our audit opinion on the financial statements for the year ended December 31, 2022 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of JDRFC in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing JDRFC's ability to continue as a going concern, disclosing, as applicable, matters related to a going concern and using the going concern basis of accounting unless management either intends to liquidate JDRFC or to cease operations, or has no realistic alternative to do so.

Those charged with governance are responsible for overseeing JDRFC's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JDRFC's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on JDRFC's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause JDRFC to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within JDRFC and the organizations it controls to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Juvenile Diabetes Research Foundation Canada

Notes to the Consolidated Financial Statements

December 31, 2023

1. Purpose of the organization

Juvenile Diabetes Research Foundation Canada (“JDRFC”) is a national charitable organization with regions across Canada that are involved in various local and national activities. JDRFC’s mission is to find a cure for diabetes and its complications through the support of research, focusing on Type 1 diabetes. JDRFC collaborates with Canadian universities and research institutions to create a world-class clinical research platform focused on:

- speeding advances in cures and therapies for diabetes and its complications;
- conducting and executing clinical trials in Canada;
- positioning Canada as an international hub for translational research; and
- attracting the best international scientists and institutions to Canada.

In addition, JDRFC engages in public education and advocacy activities.

In 2017, JDRFC entered into a partnership with the Government of Canada’s health research investment agency, the Canadian Institutes of Health Research (CIHR) to fund Type 1 diabetes research. JDRFC and CIHR will each contribute \$15.0 million for a combined total of \$30.0 million. As at 31st December 2023 JDRFC had funded \$8.5 million with an additional \$1.9 million scheduled to be funded in 2024 upon achievement of research project milestones. The remaining funding to be provided by JDRFC is scheduled to be made prior to December 2029.

In 2022, JDRFC renewed the partnership with CIHR for an additional \$30.0 million to fund Type 1 diabetes research. JDRFC and CIHR will each contribute \$15.0 million. As at 31st December 2023 \$2.8 million has been paid with an additional \$3.8 million scheduled to be funded in 2024 upon achievement of research project milestones. The remaining funding to be provided by JDRFC is scheduled to be made prior to December 2027.

During 2023, JDRFC received major gifts totalling \$12.1 million (2022 - \$12.4 million). In 2023, JDRFC secured commitments related to future years of \$5.7 million (2022 - \$16.9 million) of which \$4.0 million was received and recognized as deferred contribution in 2023. The remaining amount of \$1.7 million is to be received and recognized in future years.

JDRFC is an affiliate of Juvenile Diabetes Research Foundation International (JDRFI). JDRFI establishes a global research strategy and decisions are made to fund the best research in Canada and internationally.

The consolidated financial statements include the financial activities and financial position of JDRFC and its fully-controlled subsidiary organization, JDRF-Canadian Clinical Trial Network (CCTN). CCTN was created on April 13, 2010 to establish a clinical trial network for Type 1 diabetes research on a Canada-wide platform through the assistance of Southern Ontario Development Program (SODP).

JDRFC and CCTN were incorporated under the Canada Not-for-profit Corporations Act in October 2014. JDRFC and CCTN are registered charities with the Canada Revenue Agency (CRA) under Section 149 of the Income Tax Act (Canada) and are exempt from income taxes, with the CRA registration numbers 118976604RR0001 and 812584068RR0001, respectively.

Juvenile Diabetes Research Foundation Canada

Notes to the Consolidated Financial Statements

December 31, 2023

2. Summary of significant accounting policies

The consolidated financial statements have been prepared by management in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO), the more significant of which are outlined below.

Revenue recognition

JDRFC uses the deferral method of recognizing contributions. Under the deferral method, externally restricted contributions, other than endowments, are initially deferred and are recognized as revenue in the year in which the related expenses are incurred. Endowments are recognized as a direct increase to net assets. The income from endowments is to be used for general purposes, unless otherwise specified by the donor. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated, has a signed agreement and collection is reasonably assured within the next calendar year. Investment income is recognized as revenue when earned.

Contributed services

The work of JDRFC benefits from a substantial number of volunteers who have made significant contributions of their time to JDRFC and its purpose. Since these services are not normally purchased by JDRFC and because of the difficulty of determining their fair value, the value of this contributed time is not reflected in these consolidated financial statements.

Allocation of expenses

JDRFC allocates salaries and benefits, rent, and office and other expenses to research, public education and advocacy, fundraising and management and administration. Allocations are based on the time spent by the employees on each function. The details of the allocation are disclosed in Note 10.

Research support grants

Research support grants are made by JDRFC and CCTN to research applicants as approved by both JDRFC and JDRFI. These grants are recorded as an expense when funds are advanced.

Financial assets and financial liabilities

JDRFC initially measures all its financial assets and financial liabilities at fair value.

At each reporting date, JDRFC measures its financial assets and liabilities at cost or amortized cost other than investments which are recorded at fair value. The financial instruments measured at amortized cost are cash and cash equivalents, accounts receivable, restricted cash and cash equivalents, accounts payable, and contributions payable.

Financial assets are tested for impairment at the end of each reporting period when there are indicators the assets may be impaired. If an impairment exists, the asset is written down. If previously recognized, an impairment loss would be reversed to the extent of the improvement provided the asset is not carried at an amount, at the date of reversal, greater than the amount that would have been the carrying amount had no impairment loss been recognized previously. The amounts of any write-downs or reversals would be recognized in the consolidated statement of operations.

Juvenile Diabetes Research Foundation Canada

Notes to the Consolidated Financial Statements

December 31, 2023

2. Summary of significant accounting policies (continued)

Cash and cash equivalents

JDRFC's policy is to present bank balances including term deposits with a maturity period of three months or less at the date of acquisition under cash and cash equivalents.

Capital assets

Capital assets are recorded at cost if purchased or recorded at their fair value if donated. Amortization is provided at the following rates:

Leasehold improvements	straight-line over the lease term
Computer hardware	3-5 years straight line
Office equipment, furniture and fixtures	3-5 years straight line

Intangible assets

Intangible assets acquired individually or as a part of a group of other assets are initially recognized and measured at cost. Amortization commences in the year the asset is purchased or put in use. The amortization method and estimated useful lives of intangible assets are reviewed annually. JDRFC's intangible assets consist of computer software and website development and are amortized on a five-year straight-line basis.

Contributions payable

Occasionally research grants made from JDRFC are returned. When returned, these amounts are reflected as restricted cash - contributions payable, and contributions payable in the consolidated statement of financial position. When redistributed, the related restricted cash and contributions payable are reduced.

Foreign currency translation

Transactions denominated in foreign currencies are translated into Canadian dollars at exchange rates prevailing at the transaction date. Monetary assets and liabilities are translated into Canadian dollars at exchange rates in effect at the date of the consolidated statement of financial position. Non-monetary assets and liabilities are translated at the historic rate. Exchange gains and losses are included in the consolidated statement of operations.

Use of estimates

The preparation of consolidated financial statements in conformity with ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. The most significant estimates relate to the collectability of accounts receivable and the estimated useful lives of capital and intangible assets. Actual results could differ from those estimates.

8. Commitments

The minimum annual lease payments for the rental of premises and equipment, for the next five years and thereafter, are as follows:

2024	\$ 351,799
2025	305,908
2026	267,266
2027	121,676
2028	121,676
Thereafter	<u>81,117</u>
	<u>\$ 1,249,442</u>

In 2017, JDRFC entered into a partnership with the Government of Canada's health research investment agency, the Canadian Institutes of Health Research (CIHR) to fund Type 1 diabetes research. JDRFC and CIHR will each contribute \$15.0 million for a combined total of \$30.0 million.

As of 31st December 2023, JDRFC had funded \$8.5 million with an additional \$1.9 million scheduled to be funded in 2024 upon achievement of research project milestones. The remaining funding to be provided by JDRFC is scheduled to be made prior to December 2029.

In 2022, JDRFC renewed the partnership with CIHR for an additional \$30.0 million to fund Type 1 diabetes research. JDRFC and CIHR will each contribute \$15.0 million. As at 31st December 2023 \$2.8 million has been paid with an additional \$3.8 million scheduled to be funded in 2024 upon achievement of research project milestones. The remaining funding to be provided by JDRFC is scheduled to be made prior to December 2027.

9. Banking arrangements

JDRFC has a line of credit of \$1,000,000 with its principal bank available for its use. The facility bears interest at the bank's prime rate and is secured by an assignment of amounts on deposit with the bank. No amounts were drawn against this facility in 2023 (2022 - \$Nil).

Juvenile Diabetes Research Foundation Canada

Notes to the Consolidated Financial Statements

December 31, 2023

10. Allocation of expenses in JDRFC

The following details the allocation of expenses to the activities of JDRFC. Allocations are based on the time spent by the employees on each function.

2023

Allocated expenses	Research support grants	Public education and advocacy	Fundraising	Management and administration	Total
Salaries and benefits	\$394,494	\$347,343	\$650,970	\$401,754	\$1,794,561
Rent	30,146	25,483	48,760	32,095	\$136,484
Office and other expenses	18,319	10,122	24,635	26,557	79,634
	442,959	382,948	724,365	460,406	2,010,679
Direct expenses	10,569,766	1,956,343	7,270,995	2,742,577	22,539,680
Sub-total	\$11,012,725	\$2,339,291	\$7,995,360	\$3,202,983	\$24,550,359

2022

Allocated expenses	Research support grants	Public education and advocacy	Fundraising	Management and administration	Total
Salaries and benefits	\$ 335,025	\$ 303,864	\$ 567,245	\$ 399,072	\$ 1,605,206
Rent	11,558	10,459	19,481	13,762	55,260
Office and other expenses	14,561	10,924	16,331	16,876	58,692
	361,143	325,247	603,058	429,710	1,719,157
Direct expenses	8,968,338	1,571,266	6,912,766	2,479,269	19,931,639
Sub-total	\$ 9,329,480	\$ 1,896,513	\$ 7,515,824	\$ 2,908,979	\$ 21,650,796

10. Support to CCTN from JDRFC

JDRFC and its Board of Directors agree to support the operations of CCTN as an independent entity on a year over year basis as required.

During the year, JDRFC transferred \$58,072 (2022 - \$131,992) to CCTN to cover its administrative expenses.

Juvenile Diabetes Research Foundation Canada

Notes to the Consolidated Financial Statements

December 31, 2023

11. Financial Instruments

The main risks to which JDRFC's financial instruments are exposed are credit risk, liquidity risk, and foreign currency exchange risk. It is management's opinion that JDRFC is not exposed to significant interest rate risk.

Credit risk

Credit risk is the risk of an unexpected loss if a counterparty to a financial instrument fails to meet its contractual obligations. Financial instruments that potentially subject JDRFC to credit risk consist principally of cash and cash equivalents, restricted cash and cash equivalents and accounts receivable. JDRFC manages credit risk related to its accounts receivable through regular monitoring of balances and communication with debtors. Of the \$873,953 (2022 - \$1,338,428) in accounts receivable outstanding at year end, majority has been received subsequent to year end.

Liquidity risk

Liquidity risk is the risk JDRFC will not be able to meet its financial obligations as they fall due. JDRFC manages its liquidity risk by forecasting cash flows from operations and anticipating activities to ensure it has sufficient available funds to meet current and foreseeable financial requirements.

Foreign currency risk

Currency risk is the risk that arises from fluctuations in foreign exchange rates and the degree of volatility of these rates. Cash balances held in US dollars to fund research support grants and salaries and benefits are exposed to these fluctuations. JDRFC does not use derivative instruments to reduce its exposure to such foreign currency risk.

Other price risk

JDRFC is exposed to other price risk through changes in market prices (other than changes arising from interest rate or currency risks) in connection with its investment in fixed income securities. JDRFC manages its exposure to this risk by monitoring compliance with the investment policy approved by the board of directors.

12. Comparative figures

The prior year financial statements have been reclassified, where applicable, to conform to the current year's presentation.
