

Leave a Gift in Your Will / Charitable Bequest

You can make a donation through your estate by including a charitable bequest to Breakthrough T1D Canada in your Will. You may designate a specific gift amount, or contribute a percentage of your estate. You can leave a legacy that will help future generations of Canadians living with type 1 diabetes (T1D) and will ensure Breakthrough T1D has the resources needed to continue to find a cure for T1D and its complications.

Benefits of a Charitable Bequest

- There is no immediate cost to you, so your gift won't reduce the funds you have to live on.
- You could make a bigger gift than what may be possible during your lifetime.
- The final income tax payable on your estate can be reduced or even eliminated, which can be a big advantage to your heirs.
- Make sure your legacy wishes are honoured by having a Will.
